

Komlan ZANKPE

Senior DevOps Engineer

DevOps Engineer with over **8 years** of experience in designing, implementing infrastructure, CI/CD and automation. At MEGA, I have defined the **DevOps strategy** to drive innovation and accelerate delivery. Laid the foundation to develop and deploy multi-tenant SaaS application. Beyond my technical expertise, I was the **primary advocate** for DevOps principles at the R&D leadership level.

Work History

2022-07 - Current	<div>Lead DevOps <i>Mega International, Paris</i></div> <div>Software company with solutions for Enterprise Architecture, Governance, Business Process Analysis</div> <div><ul style="list-style-type: none">Directed the cultural change by defining the DevOps strategy for the R&DMentored a team of three engineers and improved team productivityDesigned Azure landing zone for applications deployed to IaaS/PaaSIntroduced more automation, tools and processes to ease products lifecycle and accelerate delivery: CI/CD with Azure DevOps, Pull Requests, Infra as Code with Terraform.Enforced best practices to ensure consistency and compliance</div>
